MI-Homeland Security Consortium Hosts Critical Infrastructure Session Feb. 9

LANSING - The Michigan Homeland Security Consortium will be hosting a networking session for Michigan companies involved in Homeland Security, defense, and critical infrastructure February 9 at Automation Alley.

Those interested in attending should be individuals, companies or other organizations that either are already involved in or are interested in enhancing their business by doing business in the Homeland Security area.

The cost to attend, which starts at 3 pm, is free to members of the Michigan Homeland Security Consortium and/or Automation Alley; the non-member rate at check-in is \$10 (cash or check please). Light appetizers/beverages will be provided by our co-sponsor companies, Encryption Security Solutions and Patriot Services.

The event is sponsored by Automation Alley, Patriot Services, Inc., and Encryption Security Solutions. To Register (seating is limited). EMAIL email bcargill@mihsc.org
